Scenery Hill Manor Welcomes New Ownership and New Name

Skilled Nursing Home Provides Specialized Services to the Indiana Community

INDIANA, Pa. (Apr. 30, 2026) – Scenery Hill Manor announces it has changed ownership as well as its name, becoming Scenery Hill Rehabilitation and Healthcare Center. The 56-bed subacute and skilled nursing home provides a broad spectrum of care in an intimate and compassionate environment, including long- and short-term care and rehabilitation.

The new ownership team is a group of skilled nursing home managers and operators based in Pennsylvania and the Midwest. The seller was Endurance Healthcare, of Woodmere, N.Y. Scenery Hill Rehab is at 680 Lions Health Camp Rd., Indiana, Pa. 15701. The change in ownership was effective Feb. 9, 2026.

“Our community will quickly see added benefits with the new ownership team,” said Owen Larkin, the center’s Executive Director. “They bring a wealth of experience, a strong sense of dedication, and a genuine passion for making a difference. We look forward to seeing the positive impact the new team will make.”

Scenery Hill Rehab will continue to deliver first-rate healthcare services while benefiting from the hands-on attention that comes from a smaller, but very skilled, “non-corporate” ownership and management team. The team has overseen operations at similar-sized healthcare centers in rural and suburban communities around Pennsylvania and brings many fresh, proven ideas that have been very successful at other facilities.

Providing “Genuine Hometown Care”
Scenery Hill Rehab is a true community of family and friends,” said Larkin. “Their values align perfectly with the heart of our region – focused on Genuine Hometown Care, deep community connections, and treating every employee like family.”

Scenery Hill Rehab is known for its focus on providing hometown care with a commitment to fully integrating with the healthcare needs of the western Pennsylvania community. As it continues to grow, the center will benefit from working with a skilled, hands-on, regional ownership team.

“The ownership group has significant experience in managing operations at care centers of similar size,” Larkin noted. “We look forward to introducing successful strategies based on their skilled nursing home expertise as we continue to drive our mission of delivering exceptional care.”
