For Immediate Release

Marquis Health Consulting Services Names Liz Todd as VP of Innovation, Mid Atlantic

Industry Leader Brings Expertise in Emerging Strategies

BRICK, N.J. (June 23, 2026) – Marquis Health Consulting Services has named Liz Todd, DPT, PT, as vice president of innovation, Mid Atlantic. A respected healthcare leader with nearly two decades of experience, she brings a strong background in value-based care, post-acute services, population health and quality improvement to her position with the Brick-based administrative consulting services provider.

In this newly created role, Todd is advising Marquis' skilled nursing center clients on their understanding of emerging, value-based care strategies and how these are reshaping the long-term care industry. She emphasizes the critical role of facilities' strategic relationships with health systems and accountable care organizations (ACOs) in fulfilling goals to ensure high-quality outcomes and care coordination for at-risk patient populations.

Todd, who resides in Chester County, Pa., has held leadership roles at Delaware Valley ACO and Bayada Home Health Care. A doctor of physical therapy, Todd began her career at a Level 1 trauma hospital, specializing in cardiac, outpatient neurologic and trauma patients in the acute and inpatient units; she has also worked in various rehabilitation settings, and spent the majority of her career focused on quality improvement and clinical education.

"Liz is a dynamic and results-driven healthcare leader with a unique career spanning the healthcare continuum and deep subject matter expertise in value-based care," said Marquis' Barry Munk, chief executive officer. "She has a proven track record of guiding cross-functional teams and streaming workflows to strengthen outcomes. Our new VP of innovation role is a perfect fit for Liz, and we are pleased to welcome her to the Marquis family."

Todd frequently interacted with Marquis leadership and clients during her time with Delaware Valley ACO. "I was impressed time and time again," she said. "Marquis has a respected reputation for helping its client centers set new standards of excellence. I am thrilled to join the team and support our clients as they aim to provide the best possible patient experiences and outcomes."

Marquis Health Consulting Services is a hands-on, third-generation family-owned company that provides administrative consulting services to 112 skilled nursing facilities

and senior living communities along the Eastern Seaboard. Its “Care, anew” philosophy supports clients dedicated to transforming lives. Marquis-serviced skilled nursing centers have access to an evolving suite of clinician-led specialty care models, signature services and comfort features – enabling innovation, compassion and purpose in every aspect of care. Its senior living community clients have the advantage of tools, technologies and experience models designed to provide an engaging lifestyle that inspires residents to embrace each day with purpose and live life to its fullest.
